Admission 30c and 10c

Thur., Fri., Sat., Mar. 19 - 20 - 21

## Broadway Melody of 1936

Here is a thought concerning Coleman. Among the mining towns, and among the farming towns, this town enjoys an unenviable position under present conditions. Steady contracts for the supply of coke and coal assure fairly steady employment to approximately 700 workers, with a payroll every two weeks, which in the course of a year totals about \$1,200,000, or a per capita spending power of \$433 for each man, woman and child, basing the town's population on 3,000 people.—Coleman Journal.

A new minister was preaching from the text, "Thou art weighed in the balances, and art found wanting." After the congregation had listened for some time, a few began to grow restless and went out; and soon others followed. Stopping his sermon, the minister said: "That's right, people; as fast as you are weighed, pass out!" No others left.

Clerk at the Cos: "Inside or outside room, sir."

Guest: "Inside, I guess. Looks as though it's going to snow."

## CARD OF THANKS

Mrs. H. Orr and family, Hillcrest, wish to thank all those who were so kind to Mr. Orr during his long illness; also those who helped them in their bereavement.

## DAVID LOCKHART PASSES

David Lockhart, former resident of Hillcrest and Corbin, and popular footballer and general athlete, passed away at Nelson the early part of the week, following a brief illness. The remains were shipped to Blairmore, where they were taken care of by Mr. Ferguson, of the Crow's Nest Undertaking Co. They were laid to rest in the Hillcrest cemetery yesterday afternoon.

## MICHEL MAN REWARDED FOR EFFORTS TO SAVE WORKER

Ottawa, March 11.—Bravery medal of the Canadian Institute of Mining and Metallurgy has been awarded to Alfred Ball, former fireboss of the Michel Colliery, Crow's Nest Pass Coal Company, it was announced here today.

Ball was recommended for the medal after he risked his life to save a fellow worker from being completely buried under a fall of rock in "B" seam of the colliery. Three men were detailed April 10th, 1935, to reinforce timbering of the reef in the seam when a large rock "bell" or "pot" crashed from the roof, pinning William Jenkins to the floor with only his head uncovered. Before he went down, however, he pushed Joseph Zanon and James Travis, his companions, to safety. Noticing a further fall was imminent, Ball straddled his legs over Jenkins' head and held the loose rock up until Jenkins was freed. Despite immediate medical attention, Jenkins died from his injuries.

The query is asked by the Lethbridge Herald through Wilfrid Eggleston, Ottawa correspondent: "Will Coote lead Alberta Liberals?" Such a suggestion apparently is raised by the Windsor Star. Eastern people have long had their eye on Mr. Coote as one of the ablest members in recent years in Ottawa. Although no Ottawa record can show that he was at any time allied with Liberals, the idea seems to be that such a move would bring a first class man to Alberta politics, and would tend toward a fusion of opposing parties in Alberta for a business government.—High River Times.

## LUSCAR INDIANS ARE AGAIN SENIOR CHAMPIONS

Taking the third game 4-3, Luscar Indians on Tuesday night at Calgary eliminated the Coleman Canadians for the senior amateur championship of Alberta, and elected to enter the Dominion Allan Cup playdowns. Coleman were no doubt up against a perfect and powerful machine. Jimmy McVey, a Blairmore product and one of the fastest back checkers and all-round players in the province, had a say in most of Luscar's goals.

A large number of fans from Coleman, Blairmore, Bellevue and Hillcrest joined Saturday's special train for Calgary, most of them remaining in the city to see the final stanza.

Luscar, proceeded to Prince Albert, where the game last night resulted 6-3 in favor of Prince Albert. The second game will be played in Calgary on Saturday night. The winner of the Alberta-Saskatchewan round will play Kimberley in British Columbia, and in turn the second game of that round will be played on Calgary ice to decide on a team to challenge Eastern Canada.

## WHERE ABERHART EXCELS

An authentic tale comes from an Alberta farmer about the thrifty administration that the Social Credit government under Premier William Aberhart is giving Alberta.

The farmer sent a bill to Edmonton, asking the government to pay him a rebate for gasoline used last year for farm purposes.

The government complied. However, instead of cash the farmer was given a credit note to apply against a debt of \$300 he had owed the government for over 14 years on account of feed and seed relief.

The farmer's reaction was one of regret mingled, however, with admiration. People who understand the fallacies in Mr. Aberhart's proposed "Social Credit" whirlingig have a similar reaction. They regret Mr. Aberhart's damaging proposals of a monetary magic; but if they are fair must admire Mr. Aberhart for his efforts to improve administration of government affairs.—Financial Post.

## NEW BUSINESS IN COLEMAN

The Knapman Heating & Plumbing, long established in Blairmore, which firm has handled many contracts during the 20 years of its history in the Crow's Nest Pass, is opening a branch in Coleman, and the new store immediately north of the C.P.R. station will likely open this week.

Mr. Knapman, proprietor, extends an invitation to the public to call as soon as the store is open for business.

## GOODWIN AWARDED WALTER BEAUMONT ATH. TROPHY

To Luther Goodwin, fast, clever young welterweight boxer, goes the Walter Beaumont boxing trophy, presented by the coach to the athlete most nearly approaching a four-fold qualification.

Goodwin was awarded the judges' decision over Joe Freshchete, enterprising young athlete from Technical High School.

Qualities considered by the awards committee, consisting of John Bartleman, Reg. Dowdell and Wally Beaumont, were sportsmanship, progress, ability and active interest in development of the Boxing Club.—The Gateway.

G-Man: "Got away, has he? Did you guard all the exits?"

Constable: "Yes, but we think he must have left by one of the entrances."

Bishop Carroll will arrive in Calgary on March the 25th.

## THE PASS EIGHTEEN YEARS AGO

(The Blairmore Enterprise, 1917)

Oct. 26.—The Hollingshead Opera Company will appear in the opera house here on Tuesday night next, under auspices of the Red Cross Society.

Henry Raymond and Joe Kidd returned from overseas on Saturday. The marriage of Miss Georgetown Hugot to Isaac Stephenson, popular West Canadian Collieries' smithy, was solemnized by Rev. W. T. Young on Saturday last.

Sergt.-Major Joe Fitzpatrick was down from Calgary last week end on a visit to Bellevue friends.

Dr. Little, dentist, is opening up a branch office in Bellevue, and will spend two days a week there.

The marriage of Miss Charlotte Willoughby to Arthur Wardman, both of Burnis, was solemnized at Cowley last week.

At a meeting of Liberals held at the Cosmopolitan hotel this week, the following were chosen delegates to a convention to be held at Macleod tomorrow: W. A. Beebe, Blairmore; C. Oumette, George Clair, H. C. McBurney and George Kellock, Coleman. Five totally destroyed the home of Vinc. Ruzicka at Frank on Monday night. No insurance was carried. A subscription is being taken for the family's benefit.

Nov. 2.—Prior to their moving from the Cowley district to the Pacific coast, Mr. and Mrs. W. C. Robinson were feted by district friends.

The marriage took place at the residence of the bride's parents, Crystal Dairy, Blairmore, on Wednesday of Miss Nellie Comfort to Frederick Arthur Crawford, of Cowley. The knot was tied by Rev. Harry Peters, of Bellevue.

Bob Barnhill, a pupil of the Frank school, Grade III., was one of twelve reported neither late nor absent for the month of October.

A daughter was born to Mr. and Mrs. Jim Boyle at Bellevue on November 3rd.

J. E. Gillis, Mike Rosse and Capt. W. A. Beebe are this week attending a Liberal convention at Edmonton.

Arthur Lund, son of Peter Lund, of Lundbreck and Lethbridge, came over from the States to enlist in a Canadian forestry unit.

J. C. Lemotte successfully passed his examination before the army medical board at Calgary.

Lieutenant Colin Macleod, of Macleod, who went overseas with the 191st, has been awarded the D.C.M. and recommended a commissioner for bravery in action.

Nov. 16.—D. R. Melvor, of Cowley, was the unanimous choice as candidate for the Macleod constituency at the Liberal convention at Edmonton last week.

Mr. and Mrs. Andrew Petrie, of Cowley district, are mourning the loss of their baby girl, who passed away on the 9th, following an illness of but three days.

A son was born to Mr. and Mrs. John R. MacDonald at Calgary on the 14th.

Private W. Adlam, brother of Mrs. J. A. McDonald, who recently returned from overseas, came down from Calgary this week.

Private Fred Hanley, who went overseas with the 50th battalion, returned to Blairmore last week.

Mrs. Black: "I hear your daughter won \$20,000 in sweepstakes. That'll keep the wolf from the door for a long time."  
Mrs. White: "It may keep the wolf from the door, but I've noticed a lot of cups hanging around."

A conscientious little girl was explaining to her younger brother that it is wrong to work on Sunday. "Well, policemen work on Sunday," said the boy. "Don't they go to heaven?"  
"No," replied his sister. "They do not need policemen up there."

## SURVEY OF LEGISLATIVE NEWS FOR WEEK

(By T. B. Windross)

Edmonton, Alta. (Press Gallery) Mar. 10.—The past week was one of hectic interest and witnessed one or two of the most significant happenings during the present session of the legislature in Alberta. In the first place the long expected Social Credit enabling bill was introduced in the house by Premier William Aberhart. It was not the controversial instrument it had been expected to be, being in its general principle simply the authority for making a complete study of Social Credit, to employ experts to advise on the system and the instituting of it, and it contains no powers which are not at present in the possession of the government through the medium of the public accounts and agricultural committees. It will be remembered that the U.F.A. government during the last session invited Major C. H. Douglas to come to Alberta and act as special reconstruction adviser with a view to finding a suitable plan of Social Credit for the province. The new bill only gives the legislature or government power to do the same thing. Discussion on the principle of the bill will take place when it comes up for second reading and on its details during its passage through committees. Opposition members are likely to point out that, in their opinion, the measure is only a gesture to the government's supporters. Of course, the real intent and powers of the Social Credit bill will not be fully known until the government has had a chance to explain their views on these features and it is not to be supposed Premier Aberhart and his advisers have taken any mere empty gesture as a step in the direction of implementing the government's main aim and promise. It will be wisdom to await the full revelation of the cabinet's plans before expressing any judgment as final.

The legislature and the city were thrown into ferment on Thursday when an Edmonton newspaper published an exclusive story from London, giving details of Major C. H. Douglas' ultimatum to Premier Aberhart and his cabinet as to the conditions on which he would consent to continue his work as reconstruction adviser to the government. These conditions were:

1. Cancellation of new taxation announced in last Monday's budget.
2. Substitution of an interim budget on last year's basis.
3. Rejection of the dominion-provincial loan council plan.

A caucus of Social Credit members was called for Thursday night to consider a reply to Major Douglas, but before it could meet, and before Premier Aberhart had an opportunity of laying the Douglas terms before his supporters in the legislature, the London economist announced his terms in London, a breach of courtesy on the part of any expert engaged by a government that must put him in a rather bad light. There is a strong tide of sympathy for Premier Aberhart setting in because of Major Douglas' inconsiderate attitude and actions during the negotiations. To outsiders it looks like several things not creditable to the major. Either he is afraid of putting his theories to the test in Alberta, for reasons that do not seem clear; or else he is jealous of the fact that another than himself has got the world's attention in connection with those theories. One thing may be taken as certain, if Social Credit is fully as capable of putting it into operation in Alberta as Major Douglas himself is. And failing all alternatives the premier will have no hesitation in doing so, according to his own declaration during the week. Another thing that is obvious in connection with the Douglas-Aberhart episode is that the premier

"Serve the Church that the Church May Serve You"

## BLAIRMORE UNITED CHURCH

Rev. Albert E. Larke, Minister

Services Sunday next:

11 a.m.—SENIOR SCHOOL and ADULT BIBLE CLASS.

2 p.m.—JUNIOR SCHOOL.

7.30 p.m.—PUBLIC WORSHIP.

## ST. LUKE'S CHURCH NOTES

Rev. A. S. Partington, R.A., Rector

Services Sunday next:

10 a.m., Sunday School.

11 a.m., Morning service.

## THE SALVATION ARMY

Coleman, Alberta

Lieutenants Fitch and Pierce

Sunday services: Directory class at 10.30 a.m. Sunday school 3 p.m. Salvation meeting 7.30 p.m. Come and enjoy an hour in God's house.

Tuesday, 7 p.m.: Home League, all ladies are heartily invited to attend.

Wednesday, 6.30 p.m.: Young people's legion.

Friday, 7 p.m.: Young people's meeting.

A physician presented his bill to the executor of the estate of a deceased patient. "Do you wish to have my bill sworn to?" he asked. "No," answered the executor, "the death of the patient is sufficient evidence of your services."

For the first time in the history of the Canadian Pacific, air-conditioned coaches will be used coast-to-coast on certain trains this year, it was stated at Lethbridge Monday by W. M. Neal, C.P.R. vice-president in charge of western lines.

Tony: "Do you know where the idea of slow motion pictures originated?"  
Bob: "Shure—watching two Scotchmen reaching for the dinner check."

Jane: "My Scotch boy friend sent me his picture yesterday."  
Joan: "How does he look?"  
Jane: "I don't know yet. I haven't had it developed."

First Miner: "This butter is so strong it could walk over and say 'hello' to the coffee."  
Second Miner: "Yes, and the coffee is too weak to answer."

has won more confidence with the business world by his determination to put the province on its feet financially before attempting to put his Social Credit plan into full operation, than Major Douglas would have done by riding roughshod through all considerations of soundness and stability to place his theory in operation.

There now seems to be no likelihood that the session will end before the 25th of March, at earliest Premier Aberhart himself suggested that date as the likeliest one. There are still some important matters to come before the members although considerable legislation has been dealt with. The budget debate continues Monday and may last, even longer, and then there are the Social Credit bill, Recall bill, and Education bill, all controversial measures to be put through the various stages required before being passed finally.

The session has certainly been the most interesting and outstanding for years so far and it promises to continue so to the end.

### Education For Adults

To the testimony of others no less an authority than Dr. Walter C. Murray, president of the University of Saskatchewan recently added his opinion that there is a wide open field for educational facilities for adults and while he referred to conditions in the province in which he resides and teaches his assertion is equally applicable to the situation in the other prairie provinces.

While Dr. Murray pointed out that the development of his "unexplored field" is prevented at the present time for lack of finances he noted one very encouraging feature and that is that there was "a growing feeling of the need of education for themselves among the adults themselves."

The statement that this is an encouraging feature of the situation is no doubt inspired by the belief that if adults themselves realize the need the problem is already partially solved, for the desire will presently be followed by a more or less insistent demand and once this demand becomes sufficiently strong some way will assuredly be found to cater to the need.

This realisation, in embryo, this dawning desire on the part of adults for greater educational facilities may be ascribed to a number of causes. One of them is a growing fear lest in a world of rapidly changing conditions they may lag behind the growing consciousness of superior mentality on the part of the younger generation.

During the depression period of the past few years the difficulty experienced by the rising generation of securing suitable employment, or even of any work at all, has resulted in a large number of the youth of both sexes remaining in school longer than, for many of them, would ordinarily have been the case. Many who would have gone out to work when they had completed a public school course or one or two years in high school, have completed high school training and gone on to University or taken post graduate courses in technical schools or other institutions, partly because they themselves sensed that when commercial and economic conditions improve they will be the better fitted for the keen struggle in competition for the work that then offers which is bound to ensue and partly because parents have felt that it is better that their offspring should spend this hiatus in improving their minds than in enforced idleness.

As a result many parents have discovered that their children are better trained and better mentally equipped than they are themselves, despite the years of experience they have had in the school of hard knocks. They have discovered that their children are able to handle with ease problems which they can only solve with painful effort and then, perhaps with much less adequacy. They have discovered that their children have learned to apply scientific methods with success in solving their problems and have had the chagrin to discover that their own "will to do," backed by years of experience has frequently failed to measure up in comparison with the more up-to-date methods of the juveniles.

Another cause of this stirring of a latent desire for more education may also be attributed to a substantial increase in the practice of reading of books and magazine and newspaper articles and more particularly on more serious subjects. This increase in reading can be traced to a desire to better understand the difficulties with which the world in general has been confronted in recent years and a hope through these channels to find some practicable solutions.

Now it is a sine qua non that the practice of reading inevitably brings about a revelation that the reader after all knows comparatively little and creates a thirst for more knowledge and more information. In this respect it is akin in its operation to the use of habit forming drugs but lacks the evil results of indulgence in narcotics. In fact, it has just the opposite effect, that of permanent stimulation.

In schools and colleges and other educational institutions of the present day the whole aim of the courses is not to cram the students with a miscellany of facts, but rather to guide them in the selection of studies which may be of value to them and to train them to reach their own conclusions from the work they undertake. This is the true function of education. The more adult understands this fact in the light of the demonstration which is being given by the younger generation and are becoming increasingly anxious for similar opportunities.

### Just Forgot To Stop

#### Japanese Train Crew Penalized For Passing Important Station

Two minutes late, an express train thundered through the station of Shimizu, Japan, one of the most important stops on the line, and left the station staff and prospective passengers astounded. The station master put in a hurry call to Okitsu, the next station, and the train was stopped. Passengers for Shimizu were taken back by automobile. The train crew said they merely forgot to stop. They were penalized for negligence.

The European spruce sawfly has devastated thousands of acres of spruce forests in Canada, and this year has attacked evergreens in Connecticut.

There are 18 cities and towns named Union in the United States.

### Seaplanes Being Built

#### Twenty-Nine Now Under Construction For Imperial Airways

Twenty-nine seaplanes, destined for eventual use on the Canada-Great Britain and other Imperial airlines, are being under construction in seaplane factories at Rochester. The planes are being constructed as part of a comprehensive plan to establish a network of air routes covering the entire British Empire. Only British planes eventually would be permitted to fly over British territory. The new planes, as described as capable of carrying three and one-half tons. With a somewhat reduced load, they have a cruising range of 1,500 miles.

The Mediterranean fruit fly is causing such damage to Hawaiian crops that efforts to find parasites controlling it are being intensified.

### A HINT TO YOUNG HOSTESSES

#### DON'T RISK FAILURES

You can't depend on making good cake unless you use good baking powder. Canada's leading cookery experts use and recommend Magic because they know from experience it is absolutely reliable—gives the same perfect leavening every time. And Magic is so inexpensive to use. Actually—less than if you make a big cake. Ask your grocer for a tin—today!

### Mind Should Be Exercised

#### Lady Tweedsmuir In Broadcast Urges People To Think

Lady Tweedsmuir speaking at the opening ceremonies of national education week, admitted that as a child she was poor at arithmetic, a "difficult and distressful problem."

"In the modern world where conditions are changing with such lightning rapidity," she said, "it is vital that we all set our minds to devising a system of education at once elastic enough to meet our needs and strong enough to stand the strain of the ever-changing conditions of the 1930's."

After outlining her idea of education which included the three R's and A. C. geography, Lady Tweedsmuir mentioned mechanical advantages accorded the modern child over those of his predecessors, but added:

"To stare stupidly at the movies and listen unintelligently to the radio is not to help people to have minds that work for themselves. One of the curses of modern life is a tendency to smatter and never go deeply into anything. The mind may become boneless and flabby because it has never used its mental muscles and its sinews."

### A Real Spender

#### Maharajah Bought Four Carloads Of Souvenirs In London

When the Maharajah of Bhavnagar left London after his recent visit, the 24-year-old ruler of half a million people took home four carloads of souvenirs. He went to England with his wife, their two little sons, his two brothers, and a retinue of servants for a seven-weeks vacation. During that time he staggered shoppers by the magnificence of his purchases. It took a signwriter three days to paint the addresses on the 150 carts containing the maharajah's shopping. Dogs, sporting guns, furnishing fabrics, specially made cutlery, toys, clothing and a \$5,000 automobile were on his list. Incubators for rearing chickens, apparatus for taking and exhibiting talking pictures, and kitchen utensils were other items.

### Letters Are Returned

#### Man Receives Three Out Of Five Thrown From Ships

Leo Buring of Sydney, Australia, has just received the third letter of five he had "mailed" in bottles from ships in the Pacific Ocean months ago. One bottle, thrown overboard near the Tongan Isles was found, five months later, on the Pijian shore 900 miles away. Another floated 500 miles to the North Queensland coast. The third was thrown overboard near Pago Pago. This drifted to the Gilbert Islands and was found by a native who broke it, spent the six cents placed in the envelope for postage, on tobacco or beads, and tucked the letter, which he could not read, in his belt. There it was noticed by the captain of a trading schooner, who sent it back to Buring.

### Photographing Rare Books

#### Thought To Be Best Method Of Preserving Records

Cameras now are making "page movies" of rare books and ancient newspapers in the New York public library.

Although the photostat division is handling an increasing number of orders annually, the page movies, by their compactness and comparative inexpensiveness, are regarded by librarians as the best method of preserving records of printed matter. The page movies are recorded on neat little rolls of 35-millimeter film. They can be stored in about two percent of the space required for the original.

### Palace May Be Modernized

#### King Won't Like Swimming Pool And Squash Court

Buckingham palace may be fitted up with a swimming pool and a squash court. The new king is a keen sports enthusiast and when he lived in London as Prince of Wales he had a swim nearly every morning at a well known sporting club. Stately old Buckingham palace will probably be altered in many ways to suit the modern tastes of Edward VIII. and it is known the swimming pool and squash court are under consideration.

### Live Stock Value

The Dominion Bureau of Statistics estimate the value of horses, cattle, sheep and goats in Saskatchewan during 1935 at \$80,380,000. The value of farm poultry in this province, also shows a considerable increase over 1934 having reached the sum of \$5,299,000.

### Carried By White Men

#### Tuberculosis Is Increasing Among Eskimos In Arctic Regions

It is reported from Montreal by way of London that two scientists of that city having spent some weeks in the study of health conditions among the Eskimos in the Eastern Arctic regions, discovered that tuberculosis is rapidly increasing among them, but that it is through contact with white men. The presence of common colds among the natives is "almost inevitable after the arrival of a ship. Infection from influenza is known to have wiped out small Eskimo communities."

On the other hand, it is stated that natives of these regions never succumb to cancer or diabetes, and while unable to resist infection from colds the Eskimos can stand extreme fatigue and extremely cold temperatures. The healthiest groups were found where the inhabitants wore native clothes and were unable to obtain much of white man's food.

Extensive and protracted studies in that frigid area might be helpful to us in fighting diseases that are so prevalent in temperate regions through the discovery of what possible inducing causes are prevalent here that are lacking there. The brief observation of these two scientists but calls attention to what should be further pursued.—New York Times.

### Must Be Nice Song

#### Budapest Police Say 'Gloomy Sunday' Caused Many Suicides

Budapest police have branded the song, "Gloomy Sunday," public nuisance No. 1 and asked all musicians and orchestras to co-operate in suppressing it, despatches said.

To its gloomy strains, the police attribute 18 suicides. The 18th, which met the police in action, was Joseph Keller, a shoemaker. In a note to police he asked them to put on his grave 100 of the roses mentioned in the song.

Two other persons shot themselves while gypsies played the melancholy notes on violins as only Hungarian gypsies can. Some killed themselves while listening to it on a gramophone record in their homes. Two housemaids cut their employers' linen and paintings and then killed themselves after hearing the song drifting into the servants' hall from dinner parties.

### World's Fastest Express

#### Accelerates To 100 Miles Per Hour Within Six Minutes

An express train which attains a maximum speed of 110 miles per hour with four coaches has been taken over by the Reich Railroad Co. The train, said to be the fastest in the world, has a total weight of 125 tons, and is streamlined throughout.

The acceleration of the new express steam locomotive is terrific; a speed of 100 miles per hour is reached within six minutes. The train can be brought to standstill from its maximum speed within 3,000 feet after the brakes are applied.

For the first time in German railroad history, the train will have an observation platform on the last coach like American trains.

### Generates Plenty

An answer finally has been found to the puzzling problem, "how much electricity does an electric eel generate?" The answer, said Christopher W. Coates, in charge of the tropical fish department of the New York Aquarium, was from 170 to 300 volts. Coates deduced his six foot electric eel will generate well over 300 volts, enough to kill a horse.

More than 5,900,000 pounds of fruit were exported from Cuba in one month recently.

Robert Schumann wrote many of his best compositions with a pen which he found on Beethoven's tomb.

### ONLY FRUIT-A-TIVES GAVE LASTING RELIEF FROM CONSTIPATION

Constipation and stomach trouble banished quickly.

After suffering months from constipation, Mr. W. Huddleston, Bellevue, got quick relief from Fruit-A-tives. He says, "Constipation troubled me severely for months. Nothing did any good until I began using Fruit-A-tives. I brought me quick and complete relief."

A famous doctor made Fruit-A-tives by concentrating the natural fruit extracts of APPLES, ORANGES, FIGS, PRUNES and HERBS. This is effective. Fruit-A-tives bring, not only temporary relief, but relief that lasts by the stimulating tonic effects.

**FRUIT-A-TIVES**  
Nature's Fruits and Herbs

## Get Measured for Better Smoking!

"Pin your faith to Ogden's if you want a cigarette tobacco that's 'made to measure' for the man who wants a really better smoke—a milder, cooler, smoother cigarette."

"Satisfying? Why, there's an 'extra pinch of Cheers' to every package of Ogden's Fine Cut! And now that times are better, roll-your-owners everywhere are buying the better tobacco—Ogden's. They should use the right papers, too—'Chanticleer' or 'Vogue'."

# OGDEN'S FINE CUT

P.S.—Your Pipe Knows Ogden's Cut Paper.

### SELECTED RECIPES

#### HOT CROSS BUNS

1 cake compressed yeast  
1/2 cup butter  
1 teaspoon salt  
1/2 cup white sugar  
2 eggs  
1/2 cup currants

5 1/2 to 6 cups sifted Purify Flour  
2 cups scalded milk (cooled)  
1/2 teaspoon cinnamon (if desired)

Method: Dissolve yeast in lukewarm milk to which 1 tablespoon sugar has been added. Add 3 cups warm water, beat until smooth and let rise until light (about 1 1/2 hours). Cream butter and sugar and add to sponge. Add well-beaten eggs, salt, currants, cinnamon, and sufficient flour to make a dough soft enough to be handled conveniently. Mix, turn out on board and knead lightly; place in greased bowl. Cover and let rise in warm place until double in bulk (about 1 to 1 1/2 hours), then shape into round buns; place in greased shallow pans about 2 inches apart; cover and let rise until light. Glaze with egg and water; press cross on each middle finger joint with a knife. Bake for 15 to 20 minutes in hot oven of 400 degrees.

#### Choice Was Appropriate

Not many people watched the changing of the guard at St. James Palace one day recently. With a balcony in the foreground, practically nil, there was nothing to see. But the band, barely discernible in the fog, was apparently determined to make an appropriate choice of music. The last tune they played before marching back to barracks was "Smoke Gets In Your Eyes."

#### Another Victim Of X-Ray

Dr. Charles Harvey Archibald, of New York, a pioneer in the development of the X-ray, is dead at Asbury Park, N.J. In 1900 he lost the middle finger of his left hand because of X-ray burns and in 1934 the left arm was amputated. The operation which brought about his death was made in an attempt to check further infection from burns.

Specialist—"Could you pay for an operation if I thought one was necessary?"

Patient—"Would you find one necessary if I could not pay for one?"

### For Agricultural Research

#### University Of Saskatchewan Receives Gift Of \$24,000

The Agricultural Research foundation of the University of Saskatchewan will receive a gift of approximately \$24,000 for the advancement of agricultural experimental research. This gift will be made possible by enactment of the Saskatchewan legislature, whereby unclaimed assets of the Saskatchewan Co-operative Elevator Company will be paid over to the fund. The existing research fund was set up from the balance to the credit of the wheat board which operated the crop year of 1919-20. This amounted to approximately \$225,000. The interest from the fund is used to carry on agricultural research work in the province.

### Coal Mined In January

#### Was 94,131 Tons More Than In January Last Year

Production of coal in Canada during January totalled 1,581,944 tons, an increase of 94,131 tons over January, 1935. The Dominion bureau of statistics reported. The output consisted of 772,638 tons of bituminous coal, 65,108 sub-bituminous, and 544,198 lignite.

Alberta led with an output of 635,554 tons, with Nova Scotia next with 437,357. Saskatchewan produced 149,697 tons and New Brunswick 35,677 tons.

Humble Guest: "Er—have you ever walked in your sleep, Sir John?"  
Very Rich Man: "Certainly not. I may have motored."

### Men Adore The Girl WHOSE HEALTH IS PERFECT

If you have a clear skin, pink cheeks, bright eyes, you will have many ardent admirers. A tonic that will help to nourish your body is Dr. Pierce's Golden Medical Discovery. It stimulates the appetite, improves the action of the stomach, makes the food digest better, and you gain strength and greater vigor as the impurities of the system are eliminated and disappear. Buy now of your neighborhood druggist. New size tablets 50 cents. Liquid \$1.00. Large size, tablets or liquid \$1.50.

## PEACE PROPOSALS ARE ACCEPTED BY ETHIOPIA

Geneva.—Emperor Haile Selassie's full acceptance of the League of Nations' peace proposals was published by the league secretariat.

"We agree," said the emperor's telegram, "to opening negotiations subject to provisions of the covenant being respected."

In this connection, league officials pointed out that the appeal specified negotiations were to be carried on "within the framework and in the spirit of the covenant."

The full text of the reply follows: "We have taken note of the telegram which you communicated to our minister of foreign affairs on behalf of the committee of 15."

"All states who are members of the League of Nations are aware that even before the outbreak of the war we did our best to insure peace by equitable conciliation in conformity with the spirit of the covenant of the League of Nations."

"Italy, in violation of her international obligations and notwithstanding measures taken up to the present, is continuing her aggression."

"We agree to opening negotiations subject to provisions of the covenant being respected. We note that the committee of thirteen's proposal is made that the negotiation be conducted in the spirit of the covenant and the frame work of the league."

"Our detailed reply will be communicated to you through our minister to Paris."

Rome.—Diplomatic circles foresaw a qualified "yes" as Italy's most likely reply to the peace proposals put forward by the League of Nations committee of 15.

Meanwhile Premier Mussolini was knocking at shanty doors in an effort to chart Italy's course in the complicated international scene. He conferred with Vice-chancellor Ernst von Starbuck of Austria.

The two statesmen were said to be considering an Italo-Austro-Hungarian political and economic pact to "preserve the equilibrium in the Danube area" and which might involve German participation. Tripartite talks among Italy, Austria and Hungary will begin here March 18.

## Trade With Australia

Exports And Imports Showed Gain During Last Year

Ottawa.—Canada's trade with Australia during 1935 showed a gain of 35 per cent in exports and 17 per cent in imports over the previous year, the Dominion Bureau of Statistics reported.

Total trade with Australia amounted to \$30,195,000 in 1935 against \$23,201,000 in 1934. Imports from Australia were worth \$7,365,000 last year against \$6,331,000 in 1934, and exports \$22,830,000 compared with \$16,870,000.

Among the principal items of export were auto valued at \$7,012,000; auto parts, \$918,000; iron, \$2,060,000; paper, \$4,361,000; tools, \$419,000; wool (unmanufactured), \$3,206,000; planks and boards, \$1,540,000.

Leading items imported were dried fruits valued at \$3,422,000; preserved fruits, \$503,000; wool and products, \$1,638,000; grease for soap and oils, \$173,000; raw wool, \$494,000; onions, \$57,000; gelatine, \$105,000; brandy, \$53,000; sugar, \$1,005,000.

## Would Finish Without Pay

Architect Does Not Want Landscaping Project Spoiled

Banff, Alta.—Confronted with an order to discontinue operations on a public works landscaping project, "Cascades of Time," now almost completed after two years' work, Architect H. C. Beckett offered to finish the job without compensation rather than see it "spoiled."

His men, all unemployed relief workers, have promised to work until the project, described as a first rate tourist attraction, is finished providing they are given a guarantee their families will be fed.

About \$2,700, mostly labor costs, has been spent on the work and only one pool remains to be built. Already \$1,100 has been expended on the last, unfinished pool.

## Doctor Awarded Medal

Detroit.—Dr. Eugene Mackley Lyndia, 32-year-old Philadelphia physician who performed the delicate feat of measuring changes in the minute blood vessels under the fingernails, was awarded the John Phillips memorial medal of the American College of Physicians.

## Traffic Nearly Doubled

Canada's Air Mail And Freight Traffic Nearly Doubled Heavy Last Year

Ottawa.—Canada's airways almost doubled their freight and mail traffic in 1935 and carried mail tonnage second only to that of the United States, according to a statement issued by Defence Minister Mackenzie.

Figures contained in the statement tell this story:

Freight and express matter carried by air last year amounted to 28,439,224 pounds, compared with 14,411,179 in 1934 and 4,205,901 in 1933.

Aviation companies carried 177,472 passengers last year compared with 105,306 in 1934 and 85,006 in 1933. The number of "passenger miles" increased correspondingly.

Vital statistics show four pilots were killed in 1935, the same number as in 1934. In 1933 eight were killed. Six flying men were injured last year against seven in 1934 and seven in 1933.

Seven passengers were injured last year, three in 1934 and six in 1933. Last year's accidents totalled 15, an increase of one over 1934, but a decrease of four from 1933.

## New Road Suggested

Hard Surfaced Highway From Edmonton To Alkavik A Possibility

Calgary.—The Calgary Herald published the following: Possibility that a hard surfaced road may be built from Edmonton to Alkavik, in the North West Territories, then down to Alaska, and Asia is being considered by United States capitalists.

This ambitious undertaking for the future—which would ultimately cost \$500,000,000—has the backing of New York and Los Angeles capital, the Herald was informed. Huge cost of the road which would connect Alaska and Siberia via tunnel, would be made up from tolls charged on the highway.

Edmonton.—Proposing to build a hard-surfaced highway from Edmonton to Alkavik as a link in a projected \$500,000,000 highway system connecting with Siberia, agents professing to represent New York bankers, recently interviewed Hon. W. A. Fallow, minister of public works, it was revealed by the minister. "I am satisfied they are in earnest and that the highway eventually will be built," Mr. Fallow said.

## Prize List Issued

Sum Of \$5,000 Offered Exhibitors At Saskatchewan Winter Fair

Regina.—A total of \$5,000 is being offered as prize money at the Saskatchewan Winter Fair to be held in Regina, March 24 to 27, inclusive. Three thousand dollars is offered in prize money for horses and the balance for cattle.

The official prize list has just been issued. Cattle entries have closed, and horse entries close Saturday, March 14. It was necessary to close the cattle entries early so that sufficient time might be given for the testing of exhibits for tuberculosis. The latter service is given free by the Dominion Health of Animals branch.

All beef cattle exhibits may be entered in the Fat Cattle Auction Sale held on the afternoon of Wednesday, March 25.

Railway companies have announced to reduce passenger rate in effect March 23 to 30.

## Conference In Saskatoon

Game Commissioners Of Western Provinces Invited To Attend

Saskatoon.—Arrangements have been completed for a western Canada wild life conference in Saskatoon on March 23.

The inter-provincial council, representing Saskatchewan, Manitoba and Alberta, will meet, and the Saskatchewan game commissioner is inviting the game commissioners of Alberta, Manitoba and British Columbia to attend.

Manitoba sportsmen and conservationists will be represented by E. B. Pitblado, K.C.; W. J. Hill, Col. Foussette and B. W. Cartwright. Alberta will send President Wynman of the Alberta Fish and Game Association, Norman Fraser, L. Wise and Arthur Burns, past president. These delegations will likely be added to.

## Installing New Organ

London.—A new \$100,000 organ to replace the present 200-year-old instrument, which has played at many historic ceremonies, will be installed in Westminster Abbey for the coronation of King Edward VIII, expected to take place next year. 214

## Australia's Defence Plan

Expenditure For Arms Is Likely To Exceed \$25,000,000

Melbourne, Australia.—Prime Minister J. A. Lyons indicated Australia's defence expenditures will be augmented following publication of the British government's white paper on expansion of Britain's defences.

He told a deputation here it was impossible to promise cuts in taxation until a decision had been made on the defence question.

Official circles predicted the defence expenditure in the commonwealth was likely to exceed the estimated figure of \$7,000,000 (about \$35,000,000).

Dr. Lyons said the white paper would have "a very important effect" on Australia's policy.

## Police Officers Dismissed

Nine Toronto Men Have Lost Positions On Force

Toronto.—The Toronto police commission, carried out recommendations of the royal commission which probed Toronto police affairs for dismissal of nine police officers. Judgment on 15 others accused of robbery was reserved pending receipt of a report by Chief D. C. Draper.

The commission will make its own decision as to whether the 15 men, suspended since December last, be restored to the force.

## LARGER MARKET IN BRITAIN AIM OF POULTRYMEN

Ottawa.—The associate committee on market poultry which met at Ottawa decided on a program of "improved" poultry production for Canada. The purpose is to enlarge the output of high quality market poultry so that much greater advantage can be taken of the British market.

This was the first meeting of this committee. It was held under auspices of the department of agriculture and the national research council and embraced delegates from the provincial institutions such as agricultural departments, universities, etc., as well as from the trade. Upward of 40 papers dealing with problems confronting the poultry industry were read or filed.

Future activity in the fields of research and of government was discussed and a program which will avoid duplication of effort agreed upon.

The most important decision, however, from the standpoint of poultry producers was the decision to go after the British market. Emphasis upon increased production will be constant in coming months. Great Britain imports from 60,000,000 to 70,000,000 pounds of market poultry per year, Canada's share, while increasing, is only three or four million pounds. There is room, it was agreed, for tremendous expansion, with good returns to producers.

## NATIONAL MONUMENT TO KING GEORGE V.

Very shortly plans will be drawn up in England to erect a national monument to King George V. It is expected it will be similar to that of his late father, King Edward VII. (above), which stands at the top of the Duke of York steps which lead into the Mall. Behind the monument is the German Embassy.

## ON COMMISSION

Mr. Justice Archambault, judge of the Quebec Supreme Court, who will head the royal commission set up to study the administration of Canada's penal system and the possibilities of its improvement and reform.

## Medical Service Planned

Revised Health Insurance Bill Coming Before B.C. House

Victoria, B.C.—A plan making available essential medical services for about 125,000 employees and their families, some 600,000 persons in all, is contained in the revised health insurance bill expected to be introduced in the British Columbia legislature shortly. Provisions of the revised bill were announced by Hon. G. M. Weir, provincial secretary. The average cost to the wage earner would be 40 cents a week.

Medical care by the physician or surgeon chosen by the insured person, free hospital care, services of diagnostic laboratories, necessary drugs and medicines, a maternity cash benefit of \$20, were "mandatory benefits." Various other medical services are "permissive benefits" which may be granted if sufficient funds are available after payment of mandatory benefits.

The bill deals with the family as a unit, including dependent wives and children with their wage-earner husbands, as insured persons.

## Making Western Tour

Governor-General Plans To Start Trip In August

Ottawa, Ont.—Lord Tweedsmuir, governor-general of Canada, will make his first tour of western Canada this summer. Tentative plans for this tour call for the vice-regal party to leave Ottawa late in July, but it will probably be the first week of August before the tour begins. Lord Tweedsmuir plans to spend as much time as possible in the pioneer districts of the west. His visits to the larger centres will be cut down to the minimum.

## Early Action Promised

Ottawa.—Legislation to provide for equalizing payments to farmers on 1930 pool wheat will be introduced in parliament within a fortnight, Prime Minister Mackenzie told the House of Commons.

## Preparing For Debate

Instructions Given To Draft Amendment To B.N.A. Act

Montreal.—Instructions have been given to prepare a draft bill providing for amendment of the British North America Act by Canadian authority alone and, when approved by the inter-provincial conference, to be sent to the various legislatures for discussion.

Premier L. A. Taschereau made the declaration after his return from Ottawa where he took part in a conference dealing with constitutional amendments. He said the draft bill would be laid before members of the Quebec legislature early in the session that opens March 24.

The various legislatures will be asked to return the draft to Ottawa with endorsement or with suggestions for changes and the next step will be for the Dominion parliament to take action, the Quebec premier said.

The opinion in Ottawa, said the premier, was that there would be no objection in Britain if it were found that the general Canadian will that change should be made.

## To Form New Cabinet

Japanese Emperor Has Chosen Foreign Minister As Premier

Tokyo.—Emperor Hirohito commanded Foreign Minister Koki Hirota to attempt to form a new cabinet to take the place of that of Premier Katsura Okada, deposed by the recent military rebellion.

The veteran foreign minister was chosen for the premiership after Prince Konohe, originally chosen by the emperor upon the advice of Prince Saloni, senior elder statesman, declined the post on the grounds of ill health.

The military side of the liquidation of the Japanese emergency advanced with establishment of a special tribunal to try for treason 22 officers who participated in last week's coup.

## Kansas Hopes For Crop

Wheat Which Was Believed Dead Starting To Grow

Garden City, Kas.—Greening wheat fields in the southwest bread basket have revived hopes of farmers for a 1936 wheat crop.

In southwestern Kansas, normally heart of the winter wheat belt but last year centre of the dust bowl, farmers reported wheat, earlier believed dead, was pushing through the dust-covered fields.

The consensus was that the wheat had an excellent chance to survive and with timely spring rains would produce a least half a crop. Tom Armstrong, Kansas state grain inspector, said after a trip over the state, that 75 per cent of the wheat had survived the cold winter and 50 per cent was in good condition.

## REDISTRIBUTION OF RIDINGS HAS BEEN SUGGESTED

Ottawa, Ont.—Behind the motion sponsored in the commons by Hon. Ernest Lapointe, minister of justice, to refer the problem of redistribution to the special committee on electoral reform lies a hope that this cause of political strife may be removed.

It is learned the government proposes to suggest in committee that all political parties agree to remove redistribution from politics and make it a judicial function to be carried out by an official in whom all parties have confidence. This, it is thought, would be much better than the present system of having redistribution carried out by the government which happens to be in power at the time. Under the B.N.A. Act, seats in the commons are redistributed after each decennial census. The next one will be taken in 1941.

The difficulty in the Lapointe proposal, it is conceded, is to find the official in whom all parties have confidence. But such a man, it is said, is available in the person of Col. John Thompson, present administrator of the Franchise Act. Col. Thompson carried out his functions so fairly last year that all parties were demanding his dismissal but, in retrospect, it is agreed that he acted in an entirely nonpartisan manner.

There is no intention, it is learned, to force this reform through to the committee and the commons. It will be presented as a suggestion and will not be gone on with unless the other parties consent.

## UNITED STATES WANTS CANADA'S SILVER OUTPUT

Washington.—Secretary of the United States treasury, Henry Morgenthau said his agreement to buy newly-mined Canadian silver through the Bank of Canada was expected to absorb the Dominion's entire output. The production was estimated by United States treasury officials at about 16,000,000 ounces per year.

Morgenthau said the treasury would fix the price to be paid for the metal rather than to be governed by the prevailing New York price. The treasury figure is about one-fourth cent an ounce higher than that quoted in New York.

The secretary said it was "perfectly possible" that similar arrangements might be negotiated with American silver producing countries. The buying is done in pursuance of the Silver Purchase Act requirement that treasury stocks of the metal be built up to one-third those of gold or until the price reaches \$1.29 an ounce—the coinage value.

Ottawa.—Dominion government mint officials said they expected about 14,000,000 ounces of newly mined Canadian silver would be available for sale to the United States treasury this year through the Bank of Canada.

## Believes War Just Started

Ethiopia Far From Being Beaten Says Emperor Selassie

Addis Ababa.—Far from regarding Ethiopia as a conquered nation, Emperor Haile Selassie feels the war has only begun, he said in a message despatched to this capital from "somewhere on the northern front." "It was confirmed at the same time that the negus had left his imperial base at Dessale on Feb. 21, heading for the sector where Italy since has claimed decisive victories.

The war is only beginning," the emperor said in his declaration. "Ethiopia ought never to believe what the Italians say regarding victories and the number of dead and wounded."

Paris.—Foreign Minister Pierre-Étienne Flandin has appealed to Premier Mussolini to accept quickly League of Nations peace negotiations, a well-informed source said.

Flandin instructed the French ambassador to Rome to tell him this source said, the France would be "unable to intercede for Italy again at Geneva without seriously compromising her political situation in Europe."

## China Starts Conscription

Men 18 To 45 Have To Take Military Training

London.—A Reuters News Agency dispatch from Nanking said the central Chinese government had announced military conscription throughout the country.

The dispatch stated the measure provided for three years' military training for all able-bodied men between the ages of 18 and 45.

In unofficial London circles, the order was interpreted as the most daring attempt yet made by China's Nanking government to counter the Japanese policy in north China.

## New Zeppelin Tested

Friedrichshafen, Germany.—Germany's new Zeppelin, the LZ129, made an apparently flawless maiden voyage over Lake Constance, with Dr. Hugo Eckener at her helm. The test was the first of a series of technical inspection tours preliminary to mail and passenger journeys across the Atlantic.

## More Sabotage Cases

London.—The admiralty announced two new cases of suspected sabotage had occurred on the battle cruiser Repulse and the submarine H-28. The Repulse was being prepared at Portsmouth to join the Mediterranean fleet. The submarine is attached to the sixth flotilla at Portland.

## Bill Given Third Reading

Ottawa.—The Senate gave third reading to the bill amending the Dominion Franchise Act. The Upper House inserted a clarifying amendment to the bill which postpones for one year necessity for revising the basic list of voters.

## King Inspects Liner

London.—A scene of ceremonial characterized His Majesty's visit to Clydebank, for the inspection of the new Cunarder, Queen Mary. The tour of the ship occupied three hours.

## VARIOUS KINDS OF TOWNS

Towns, like people, have their own characteristics, habits and peculiarities. One observer has classified them in five groups as: 1. The wide awake town—where the folks want newcomers and welcome strangers if they are all right. Where they have civic clubs and plot together.

2. The upstart town, that somehow got off to a fast start; has grown fast, and has no ripe culture as yet; where many of the folks are "too big for their breeches," in their self-appointed sense, of importance. Such folks usually think they are busier than they really are.

3. The honest, solid, friendly type of town, with good churches, good folks, who live plainly and decently, and with folks who stand against questionable things and make it hot for rascality and law-breaking of all kinds. This kind of town usually has a public library and lots of civic pride.

4. The "we are good enough as we are, let us alone" type of town, where a handful of men run things and hope to high heaven nobody ever moves into town to disturb their playhouse as they have it fixed. No new factories, no new business men ever move in because they are not welcomed. They move elsewhere.

5. The village of blessed peace and quiet, with a few stores, a church or two, a school, and good neighbors. Some gossip, but actually harmless, for everybody knows all about everybody's business anyway and would recognize a false story about anybody in a minute.

If you have read these descriptions through, has the question come into your mind as to which of them fits YOUR town? Any town is just what its citizens make it—good or bad. What efforts are you making toward making your town better?

John: "The women, certainly are patronizing barbershops, nowadays."

Mary: "Yes, and it serves some of these talkative barbers right!"

## A DUET—"TAXES GO ROUND AND ROUND"

Edited by "BIB" in Memory of Billy Aberhart and Billy Knight

The Dominion government claims it costs them 2 of the 6 per cent sales tax to collect same, and at this rate it will cost the Aberhart government only 100 per cent of their two per cent sales tax to collect same from the poor consumers of Alberta.

This will hardly leave the \$2,000,000 clear, as they claim, but will enable them to employ 1000 of their stalwarts at \$2000 a year or less to make collections and keep records of the small profits retailers are existing on today.

The Aberhart government will increase your taxes and mine on \$10,000 or under one hundred per cent, but the rich man who has to pay an income tax on over \$10,000 will only be increased ten percent. Aberhart is said to have claimed this new taxation as a rich man's tax, and only those who are able to will pay. Why not increase the tax on the rich and those who can afford to the 100 per cent, and reduce on the poor man to 10 per cent? This would probably allow him to balance his budget and pay the \$25, or one cent a month to the citizens of Alberta.

Again, the Bible may be quoted: "From him that hath not shall be taken even that which he hath."

The sequel of the above obtains in Blairmore, where certain business people have been required to pay a "business tax" for the past two or three years that they never could afford—thus forming a duet.

In both cases there is room for awakening on the part of the common people.

## THE BAG O' REMNANTS

A Scottish gillie who had accompanied a middle-aged and corpulent Englishman on a fishing expedition returned alone and announced that the visitor had fallen into the river and been drowned.

"The first time he cam' up I grippit him by the hair, but it was a wig and cam' awa' in ma' hand, and doon he sank. He cam' up again and I grippit him by the collar, an' it was a dickie and cam' awa' in ma' hand, and doon he sank. A third time he cam' up, and I grippit him by the leg. Loosh it was cork, and cam' awa' in ma' hand, and doon he sank. So I said to mysel', 'Weel, ma chappie, I'll let ye droon. Ye're naething but a bag o' remnants!'"

## THE COMMON LAW

The tree that never had to fight For sun and sky and air and light, That stood out in the open plain, And always got its share of rain, Never became a forest king, But lived and died a scrubby thing. The man who never had to toil, Who never had to win his share Of sun and sky and light and air, Never became a manly man, But lived and died as he began.

Good timber does not grow in ease; The stronger win, the tougher trees; The farther sky, the greater length; The more the storm, the more the strength.

By sun and cold, by rain and snows, In tree or man good timber grows; Where thickest stands the forest growth

We find the patriarchs of both, And they hold converse with the stars

Whose broken branches show the scars

Of many winds and much of strife— This is the common law of life.

## ST. PAUL GROUP CONDEMNS ABERHART

Condemnation of Premier Aberhart for his "misérable failure" to provide for Social Credit establishment this year is contained in a resolution passed by the Social Credit group at St. Paul, Alberta. This same group, a month or so ago, demanded the recall of the constituency's legislative member, Mayor Beaudry, with the allegation that he wasn't a Social Creditor.

Replying to the charges of the St. Paul group of Social Crediters, Mr. Aberhart states that "ignorance of provisions of the Social Credit measures bill and opposition political factions within the group were reasons for the St. Paul group allegations. It was evident that this supposed Social Credit group had not read the act which we have brought down, although it was published; or, if members have read it, they have not understood it. We have said definitely that as soon as the investigation is completed by the inquiring board, the cabinet will be able to provide for implementing Social Credit principles, and our organization already has gone far in this matter."

Old Lady (to Tommy): "Surely your mother could find pieces of material more like your trousers when she patches them."

Tommy: "That isn't a patch—that's me!"

Youth: "You must think I'm as big a fool as I look."

Miss: "I think that if you aren't you have a great deal to be thankful for."

Tompkins (to little girl): "And was your father covered with insurance when he died?"

Little Girl: "No, sir; just his py-jamas."

Pastor: "How old are you, little man?"

The youngster: "I don't know, sir. My mother was 26 when I was born, and now she's 24."

Professor: "Before long we may expect an invention that will enable us to do without sleep altogether."

Student: "What's the matter with the telephone?"

Parson: "Well, George, that's a very wonderful garden you have."

George: "Yes, parson, it is a very fine garden."

Parson: "You must thank the Almighty for that."

George: "Yes, parson, I am very grateful for it."

Parson: "What a wonderful bed of carrots you have there."

George: "Yes, parson, they are very nice."

Parson: "You must thank the Almighty for that."

George: "Parson, did you ever see this piece of ground when the Almighty had it all to himself?"

## District News

From Our Own Correspondents

### BELLEVUE HAPPENINGS

Mrs. M. D. McEachern left for Calgary on Sunday afternoon, where she attended the Rebekah Assembly sessions.

Boed McKay, son of Mr. and Mrs. D. O. McKay, road foreman, met with a bad accident late Sunday afternoon, when he was run down by a runaway team belonging to a farmer. He was rushed to the local hospital, where he is reported progressing favorably.

Mrs. J. H. McLean was hostess at a miscellaneous shower at her home on Saturday last, honoring Mrs. Roy Price (nee Eda Hlanney), a recent bride. The first part of the evening was spent at cards. After a dainty luncheon, served by the hostess, Mrs. Price was presented with a basket of beautiful gifts. Mrs. Price, in a pleasing way, thanked her many friends for their kindness.

Mrs. Albert Goodwin is a Calgary visitor for a few days.

Bill Cole, of Michel, spent the week end with Mr. and Mrs. W. J. Cole here.

Mrs. J. Cardie and Mrs. H. Smith

### HILLCREST HAPPENINGS

The Misses M. Grant, I. Turner, E. Strachan, A. Martin, M. Stevenson, and Messrs. J. McDade, E. Carter, S. Douglas, G. Hicken, A. Bain and Mr. and Mrs. P. Haggerty took in the hockey game between Coleman Canadians and Lascar Indians in Calgary on Saturday.

Miss Mary Warriner, after spending a two weeks' vacation at the home of her parents here, returned Thursday to resume her nursing duties at the Calgary General hospital.

Little Dorothy Williams was hostess at her seventh birthday party on Sunday afternoon.

J. Truba had the misfortune to sustain severe injuries to his right hand last week. He is a patient in the local hospital.

H. Westrup was a Calgary visitor last week.

Mrs. J. Wood is confined to her bed, due to injuries she received in a fall. The money prize drawn for at Cole's theatre last Wednesday night was won by A. Truba.

Mrs. H. McVicar was a Calgary visitor last week end.

J. W. Makin returned on Tuesday from Nelson, B.C., where he attended the inquest into Dave Lockhart's death.

The funeral of David Lockhart was held Thursday, Rev. John Wood officiating. The remains were laid to rest in the Hillcrest cemetery. Mr. Lockhart died in Nelson. He is survived by his wife and one young son.

Clare Smith, of Calgary, was a visitor in town on Wednesday.

returned recently from a visit to Calgary.

Mrs. Laughlin is a business visitor to Calgary.

Mrs. Prescott and Mrs. Padgett, who had been on the sick list for the past couple of weeks, are now able to be out and around.

Mr. and Mrs. James Cousens and Mrs. C. W. Johnson left by auto Monday for Calgary, where they are attending the sessions of the Rebekah Assembly and Grand Lodge of Odd-fellows.

Mrs. J. Longworth is confined to her home through illness.

Bill Cole is a business visitor to Calgary.

Les. Cousens, who had been ill for the past week, is up and around again.

Mrs. Bent, of Lundbreck, who spent the week visiting with Mr. and Mrs. Constick, returned to her home on Saturday.

Quite a number of Bellevue people took advantage of the special rates to Calgary to see the Coleman-Lascar hockey game.

### COWLEY HAPPENINGS

Rev. Father O'Dea, James Lote, George Fortier, Mr. Thibert and Dick Alexander motored to Calgary to attend the Lascar-Coleman final on Tuesday night. They report an interesting time.

The Ladies' Aid of the United church held their monthly meeting at the home of Mrs. R. J. Wood on Thursday afternoon last.

The Cowley Girls' Club held a dance in Wilson's hall on Friday night last. Owing to the impassable roads, this function was somewhat poorly attended.

Mrs. William Cochrane has returned from an extended visit to Calgary.

Miss Nellie McWilliams was a week end visitor to Calgary.

Mrs. Russell Smyth, who spent thirty-five days in St. Vincent's hospital at Pincher Creek, suffering from blood poison in the arm, caused from a small scratch on the hand, after returning home for a few days found it necessary to return to the hospital for further treatment, as the infection was returning to the affected member.

## "The Quaker Easy Method of Baking with Quaker Flour is the greatest work and time saver I've ever tried."

states Mrs. W. DOBSON,  
Prince Albert, Saskatchewan

"It's so simple, anyone can make delicious bread and rolls quickly and without chance of failure."

And of course Mrs. Dobson is right. You'll agree with her the first time you try this wonderful Quaker Easy Method. You can find out about it easily and quickly too... simply fill out the coupon and send it in today. Your FREE copy of a booklet telling you how to make better bread and rolls in half the time, with half the work, will be sent by return mail.

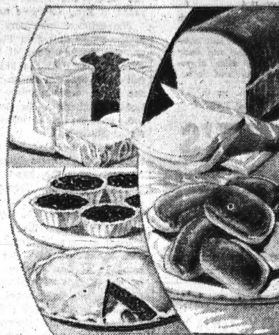

Start using Quaker Flour now. You'll find it's better for cakes, pastries and other baking, as well as for bread. Ask your grocer.

Chasteline Institute Commends Quaker Flour and Quaker Method of Easy Baking

"Baking test in our experimental kitchen, under actual household conditions show that Quaker Flour and the Quaker Method of Easy Baking produce satisfactory results. The loaf has good shape, color and flavor."

Chasteline Institute, Helen Campbell, Director

Always the Same Always the Best  
FOR BREAD, CAKES AND PASTRY

Mr. Landry, who is moving his family to Lumberton, B.C., held an auction sale of live stock, farm machinery and household goods at his ranch, three miles south and west of town, on Wednesday. The sale, we understand, was well attended.

A whist drive and dance, sponsored by the ladies of the Catholic church in aid of the LaBrie family, whose home was recently destroyed by fire, was held in the Masonic hall on Wednesday night of this week. There were twelve tables of cards at play, prizes being won by Mrs. Fred Tustian and Mrs. Fred Dionne, ladies' first and consolation; Nelson Askew

### BANK CASHIER AT FIVE

"Believe It Or Not, Mr. Ripley"

Here's another "for the book" Mr. Ripley.

D. H. Gilbertson, cashier of The Royal Bank of Canada at Simcoe, Ontario, has just celebrated his fifth birthday.

Before his fourth he had graduated from the Simcoe High School, became

the town council of Clarendonham has agreed to pay Drs. J. S. Hynes and P. J. Carroll the sum of \$135 each, the understanding being that this payment shall cover and be settlement in full of any accounts which either of these doctors may be entitled to render to the town for medical care and attention of every description to any indigent within the town for a period of one year from March 1st, 1936.

This remarkable young man has the stature and physique of any normal boy of twenty, the same interests, the same knowledge of the world, in one important respect: he celebrates his birthday only once every four years.

He was born on February 29th.

For the time being, of course, no second reprieve is to be given Richard Hauptmann.

Mabel: "If someone left you a million dollars, what would you do?"

Mr. Smartaleck: "Hire six good lawyers and try to get it."

## Confidence

TURNING over the pages of an old volume the other day, we came across a glowing pearl of wisdom in the shape of a proverb, which we think particularly applicable to us and to our business:

"He who gaineth Confidence, Also accepteth a Trust."

We have said before in these writings that one of the greatest, if not the greatest, of the Eaton's assets is the CONFIDENCE of the West—confidence based on more than twenty-five years' mutual respect, each for the other. But the story does not end there. For just as we appreciate the value of this confidence, so also do we realize the importance of the TRUST which that confidence imposes on us. Very seriously we accept that trust and see to it that it is rigidly kept in every last detail. The efforts we put forth to secure for you the finest in values that the markets of the world have to offer—the unceasing vigil which our Research Bureau keeps over the quality of everything we offer—the EATON guarantee itself—"Goods Satisfactory or Money Refunded"—are all merely features of our great determination that the confidence of the West in EATON'S, and EATON'S way of doing business, shall not be misplaced.

## WORLD HAPPENINGS BRIEFLY TOLD

Italy has blocked off the southern  
tip of Sardinia and the north coast  
of Cyrenaica in northern Africa, to  
foreign forces.

Great Britain's great Singapore  
naval base will be ready for general  
use in 1939, Kenneth Lindsay, civil  
div of the admiralty, announced in  
the British House of Commons.

Dame Laura Knight, famous British  
artist, has been elected a Royal  
Academician, succeeding the late  
woman R.A. since Angela Kauff-  
man, in the 18th century.

Germany officially informed Great  
Britain she is willing to negotiate a  
bilateral agreement limiting the size  
of battleships, cruisers, destroyers,  
aircraft carriers and submarines.  
Lord Tweedsmuir will open the new  
federal museum at historic Louis-  
bourg when he pays an official visit  
to Cape Breton in July. The museum  
will house interesting relics of the  
"Dunkirk of America."

Revenue Minister Hiesley announced  
in the House of Commons that com-  
plete ball and roller bearings, im-  
ported for use in traction engines,  
including farm tractors, would be  
admitted free in the future.

First appointee to the Senate under  
the Dominion Housing Act, William  
Edward VIII, Hon. William Duff,  
former Liberal member of the House  
of Commons, was sworn in during a  
brief session of the upper house.

Last year 113 loans were made by  
the government under the Dominion  
Housing Act. Finance Minister Dun-  
gung told the House of Commons.  
These loans ranged from \$3,000 to  
\$10,000.

**Member Of Health Council**  
Mrs. T. W. Sutherland of Wells,  
B.C., has been appointed a member  
of the Dominion Council of Health,  
under the Department of Pensions  
and National Health Act, it was an-  
nounced in the Canada Gazette. She  
succeeds Mrs. Helen Vincent of  
Saint John and the appointment is  
effective June 1.

Trout have been known to live in  
captivity for more than 20 years.

## Here's Real Help In Avoiding Many Miserable Colds

Unique Medication Designed  
to Aid Nature's Defenses  
in Nose and Throat, Where  
Most Colds Start.

PROVED IN USE BY MILLIONS

In the exclusive for-  
mula of Vicks Vapo-  
rator, a unique and  
successful aid in pre-  
venting many colds  
and winter's threat to  
our comfort and health.

Va-to-nol is especially designed  
for the nose and upper throat—  
where most colds start. It aids and  
stimulates the functions provided  
by Nature—in the nose—to prevent  
colds, and to throat off head colds  
at the early stages. Used in time—at  
the first nasal irritation, sniffle, or  
cough—just a few drops of each  
nostril—Va-to-nol helps to avoid  
many colds.

Where irritation has led to a  
clogged-up nose (a stuffy head cold  
or nasal catarrh) Va-to-nol reduces  
swollen membranes—clears clogging  
mucus—brings comforting relief.

For Fever and Shorter Cough  
Note to mothers—who guard the  
family's health: Vicks has de-  
veloped, especially for you, a practical  
Plan for Better Home Control  
of Colds. This guide to fewer and  
shorter colds has been clinically  
tested by practicing physicians and  
further proved in everyday home  
use by millions. Full details of Vicks  
Plan in each Va-to-nol package.

## Conferred Decorations

First Investiture By King Edward  
Was Brilliant Ceremony  
The first investiture of King Edward  
award took place in Bucking-  
ham Palace, where he conferred  
honors and decorations awarded by  
his father, the late King George V,  
in the New Year's list, and decorat-  
ing with the Royal Victorian Order  
the sailors and soldiers who partici-  
pated in King George's funeral.

The brilliant ceremony took place  
in the white and gold Throne Room  
on the ground floor of the Palace,  
with the King in the blue and gold  
full-dress uniform of an Admiral of  
the Fleet, attended by the Acting  
Lord Chamberlain, Sir George Crichton,  
and the great officers of the Royal  
Household.

Outside the Palace, the guard of  
honor of Coldstream Guards presented  
arms and the band played the Na-  
tional Anthem. Crowds saw the  
officers and men of the Navy and  
Army march to the Palace to be  
decorated by the King.

First came a battery of the Royal  
Horse Artillery who drew the King  
carriage at Sandringham; then men  
of the King's Company of Gren-  
adier Guards, who acted as bearers;  
followed by men of the Royal Horse  
Guards and Life Guards and 300  
blue-jackets of the gun-teams who  
drew the gun carriage in the fune-  
ral processions at London and  
Windsor.

The officers were invested with  
various degrees of the Victorian  
Order and the men were decorated  
with the medal of the same order.

## Toll Of Carelessness

Accidents Caused 99,000 Deaths In  
United States Last Year

Our modern complex life, says the  
Kitchen, Out, Record, accompanied  
by the hustle and bustle that fray  
men's nerves, is beset with many  
dangers. Somehow it seems that the  
trapdoors which send persons to un-  
timely deaths are much more nume-  
rous than they were years ago be-  
cause carelessness takes a much  
greater toll due to present-day con-  
tinuities designed to make life less  
of a drudgery. Therefore it be-  
lieves all of us to go about with our  
eyes open if we would avoid the  
pitfalls that so often bring death or  
serious injury.

A tragic story emanating from  
Chicago emphasizes in grim reality  
the appalling cost of carelessness in  
this day and age. The National  
Safety Council states that 99,000  
persons died in accidents in the  
United States last year—one every  
six minutes. On top of that 365,000  
persons were permanently injured  
and 9,100,000 temporarily disabled.  
The total financial damage attribut-  
ed in one way or another to these  
accidents reached \$3,000,000,000 in  
property loss, wage loss and medical  
expense.

## THE HAPPY FARMER

The farmer leads no E Z life.  
The C D sows will rot;  
And when at E V rest from strife  
His bones all A K let.

In D D has to struggle hard  
To E K living out  
If I C frosts do not retard  
His crop, there'll B A drouth.

The bird L P has to pay  
Are awful A Z too;  
They C K rest when he's away,  
Nor N E work will do.

Both N Z cannot make to meet,  
And then for A D take;  
Some boarders who R T eat  
& E no money makes

Of little U C finds this life;  
To E K living out  
The debts he O Z leaves his wife,  
And then in P C dies.

—Artemus Ward

## First In Canada

Television Station Will Shortly Be  
Erected In Toronto

Early this spring a high-powered  
radio television station is to be  
erected in Toronto, the first of its  
kind in Canada. The announcement  
is made by the Dominion Post Tele-  
vision, Limited, a company formed  
by a group of prominent Toronto  
business and financial interests as  
the direct result of successful sta-  
tions carried out at the experimental sta-  
tion, V92AK at Montreal, last year.  
Constructed to operate on 5,000  
watts, the station will provide good  
reception of programs not only in  
the city but also throughout an area  
within a radius of approximately 100  
miles.

Playwright: "And you're going to  
produce my play?"

Producer: "Certainly. Willie, dig  
down into the wastebasket and pro-  
duce Mr. Filbert's play." 2141

## OLD PEOPLE FEEL YOUNG

Just because more years than you  
care to count have fled by on your  
life's calendar is no reason for feeling  
old. Age, after all, isn't a matter of  
years. It is a matter of health.

Stay vigorous and you stay young.  
But how, you ask? Do it the way  
thousands of people of advancing  
years do. Take Wincosin regularly.  
Wincosin is a delicious wine, free  
from drugs, that brings you all the  
valuable elements of grapes combined  
with the highest grade beef and  
guaranteed malt extract. Its invigor-  
ating effect is almost magical—yet  
perfectly natural.

These valuable elements in Wincosin  
are your genuine tonic. Exactly the  
stimulating nourishment it requires.  
They soothe your nerves, enrich your  
blood, and flood your whole body  
with almost youthful buoyancy and  
vigour.

More than 20,000 medical men have  
heartily endorsed Wincosin. It is a  
great tonic. It will make you feel  
young again by creating for you the  
stores of strength and energy. Get  
Wincosin from your local dealer.

Agents: Harold F. Ritchie & Co. Ltd.,  
Toronto.

## Great Lakes Hold Millions

Valuable Cargoes Went Down With  
Many Wrecked Ships

"That's gold in them Great Lakes"  
—and coal and whiskey, too.  
The treasure, estimated to be  
worth more than \$20,000,000, lies in  
the sunken hulks scattered on the  
floor of North America's great in-  
land sea. Nobody knows the  
grand total but in the last 70 years  
more than 2,000 ships have been lost  
in the five lakes.

Strung out in a row there would  
be a wreck every half mile in the  
1,100 miles from Buffalo at the foot  
of the lakes to Duluth at the head.  
The gold is there but in meagre  
quantity. The real money lies in  
coal and whiskey.

Three of the better known carriers  
of "freewater" were the Lexington,  
which vanished with 110 barrels be-  
tween Cleveland and Port Huron;  
the Anthony Wayne, lost in Lake  
Erie with 300 barrels of whiskey and  
wine, and the Westmoreland, wrecked  
near Manitou Island with a similar  
cargo. Submerged freighters  
hold thousands of tons of coal.

Boekers of heavier stuff would  
find \$50,000 worth of pig zinc in the  
holds of the Dean Richard; \$20,000  
in steel billets in the Foy and \$50,-  
000 in copper in the City of Detroit.

Successful salvage jobs have paid  
well. The Atlantic, located 25 years  
after it sank, gave up \$30,000; the  
Erie, brought up 14 years after  
foundering, had \$180,000 in immi-  
grant savings; and Capt. Harris W.  
Baker, of Detroit, earned \$60,000 by  
salvaging the William H. Stevens.

## Made A Good Story

Man Thought Up Fine Reason For  
Shooting Duck

"I receive some strange letters  
from all parts of the world in con-  
nection with my work in bird con-  
servation," said Jack Miner, noted  
naturalist of Kingsville, Ontario,  
"but the most amusing of the lot  
arrived from a police officer in the  
United States, who apparently is  
suffering from a few pricks of con-  
science because he shot one of my  
birds out of season."

"The chap appears to have a keen  
imagination, or else a low opinion of  
my intelligence, for, after describ-  
ing the tag which he found on the  
duck's leg, hearing my name, he  
wrote: 'It happened like this. I  
was pursuing some hi-jackers the  
other day in the course of my duty  
and I fired my revolver into the air  
to make them stop. To my surprise,  
down came your duck—dead!'"

## Patent Has Expired

Rights To Publish Bible Will Have  
To Be Renewed

The accession of a new sovereign  
has once again revived the question  
of the right to publish the Bible in  
Great Britain. The patent of the  
privileged press—the king's printers  
and those of Oxford and Cam-  
bridge Universities—expired with  
the death of the late King George,  
and a protest against its renewal  
has been raised by Rev. J. Moffat  
of the Scottish National Church, who  
claims that the existing privilege  
assert that the question is not merely  
one of commercial monopoly. His-  
tory shows, they say, that unless  
Bible printing is controlled, all sorts  
of misprints and mistranslations—  
sometimes intentional—creep in.  
"Stunt" editions for collectors might  
be issued. There might even be edi-  
tions with advertisements.

To harvest help from the sea, one  
California company uses a special  
mowing machine towed by a barge.

To get the reputation for being  
intelligent try the habit of thinking.

## SUNDAY SCHOOL LESSON

MARCH 15

JESUS-TEACHES HIS DISCIPLES  
TO PRAY

Golden text: If we ask anything  
according to his will, he heareth us.  
1. John 5:14.  
Lesson: Luke 11.  
Devotional reading: Matthew 6:  
6-15.

Explanations And Comments

A Disciple's Request, Luke 11:1-2.  
Matthew gives "The Lord's Prayer"  
in fuller form in "The Sermon on  
the Mount," and associates it with  
Jesus' warning against the insincere  
prayers of the Pharisees. Luke tells  
nothing about the time or place:  
"at once to pass," he says, "as Jesus  
was praying in a certain place, that  
one of his disciples came him" and  
he had taught his disciples. "Nothing  
is known about John's teaching  
upon prayer, but rabbi were in the  
habit of prescribing definite forms."

The Lord's Prayer, Luke 11:3-4.  
In answer to the only request of the  
disciples, as far as the Gospel  
records go, for instruction, Jesus  
taught them the prayer of which  
Matthew gives a longer version.  
When you pray, say, Father, thy  
name be revered, thy reign begin;  
give us our bread for the morrow  
day by day; and forgive us our sins,  
for we do forgive everyone who has  
offended us; and lead us not into  
temptation. (Moffatt's translation).  
The clause "thy name be revered" ex-  
presses in a characteristically Jew-  
ish way, A. E. Garvie comments,  
the reverence for God which the ad-  
dress "Father" might seem to lack.  
Thy name, as we often have occasion  
to observe, stands in the Scriptures  
for thyself. Thy Kingdom come.

"Lord, when we pray, Thy King-  
dom come!"

Then fold our hands without  
words.  
For souls whom thou hast died  
to save.

Yet we but mock thee with our  
prayer."  
The petition for "bread" implies  
that we may ask for any physical  
good: "Yet we need to keep in mind  
the words of Canon Farrar that to  
ask mainly for earthly blessings is  
a 'dreadful dwarfing of the grand-  
eur of prayer, as though you asked  
for a handful of grass when you  
might ask for a handful of cereals.'"

"Give us this day our daily bread,  
we pray.

And give us likewise, Lord,  
our daily thought.  
That our poor souls may  
understand as they ought,  
And starve not on the husks of  
yesterday" (Phillips Brooks).

Forgive us as we ourselves forgive.  
It is not possible to receive love from  
God while we are filled with hatred  
to men; until we have the spirit  
of forgiveness we have not the  
spirit which can be forgiven.

## Lacy Neckwear For the Making

## PATTERN 5397

Fresh, youthful, charming—these lovely, lacy collars have truly cap-  
tured Spring's own spirit! What's more, they'll make one frock look like  
three. The top one resembling flower petals is quickly done in petit  
boucle, or colored strand. Crochet cotton makes the simple one with ruffled  
edge at the upper right. While that lacy bib 'n' tucker is so easy to  
crochet, a beginner will want to make that one first.

In pattern 5397 you will find complete instructions for making the col-  
lars shown; an illustration of them and of the stitches needed; material  
requirements.

To obtain this pattern send 20 cents in stamps or coin (coin preferred)  
to Household Arts Dept., Winnipeg Newspaper Union, 175 McDermott Ave.,  
E., Winnipeg.

There is no Alice Brooks pattern book published

Save "LEFT-OVERS"  
with  
Prestopack  
MORE CONVENIENT TO USE....

Just hang a package in your kitchen. You'll be delighted  
with its convenience... for, with one hand, you can easily  
extract a single sheet at a time leaving the other hand free  
to hold the "left-over" being wrapped.

Warehouses At Calgary, Edmonton, Regina and Winnipeg

## Expense To Great Britain

War In Ethiopia Is Costing Empire  
\$150,000 A Day

The Ethiopian-Italian war is cost-  
ing Great Britain something over  
\$150,000 a day. This is because  
Britain has had to take certain  
emergency measures in order to in-  
sure herself against aggression in  
the Mediterranean area. She has  
shifted the bulk of her fleet to those  
waters and strengthened her posi-  
tions in Malta and Gibraltar. Nor is  
the end yet in sight. It has just been  
announced that Britain's biggest  
battleship, the Hood, will soon leave  
again for the vicinity of Gibraltar  
and when she has arrived, "the total  
of British ships in and near the  
Mediterranean" will be 158, "com-  
pared with the 157 gathered there  
just a month ago." All of which  
ought to be a fairly pat illustration  
of the extravagant cost of fighting  
even to the nations that do not fight.  
—Baltimore Sun.

## Making Reservations Early

People Already Asking For Seats  
At Coronation Procession

Although King Edward's corona-  
tion is not to take place before next  
year, people are writing from all  
parts of the empire for seats in  
stands or at windows along the route  
of the procession. Fantastic prices  
are being offered but no business  
can be done as the route to be fol-  
lowed by the procession has not been  
fixed. So the applications are being  
filed pending announcement of the  
arrangements.

## Has Far-Reaching Effect

What happens on land may very  
often affect fishing in the water.  
For instance, removing forests and  
draining swamps tends to increase  
spring floods and brings about sum-  
mer droughts in the streams, and  
both flood conditions and drought  
conditions may affect fishing.

## New Mountain Playground

Alpine Club Aid In Establishing The  
Provincial Park

To the Alpine Club of Canada,  
Vancouver section, goes much of the  
credit for the recent establishment  
of Seymour Mountain as a provincial  
park. The government has set aside  
607 acres of peak and valley where  
skier, hiker and mountaineer will find  
a playground unexcelled in the  
North Shore hills.

The lake-studded parkland, frown-  
ed on by the lesser peaks of the Sey-  
mour range, grown thickly with al-  
pine hemlock and cypress, and  
heather now many feet under snow,  
is approachable either from pipeline  
road or Seymour Creek or from  
Buck's old logging road in the vicin-  
ity of Deep Cove. One strenuous  
day's climb will take the hiker from  
Vancouver to James or Theta Lake,  
while at a small expenditure the  
Deep Cove approach may be made  
passable for cars to within half an  
hour of the Alpine club cabin, al-  
most at the edge of the park.

While no cabins will be built in  
the park, it is probable that a shee-  
ter of some kind will be raised  
later. Vancouver business men may  
be invited to visit the area on an  
inspection trip this summer, when  
the park is clear of snow.

## Tablets Recall "Siege"

Italians To Remember Economic  
Action Imposed By 50 Nations

Eight thousand marble tablets  
permanently embedded in the fa-  
cades of every town hall in Italy will  
remind future generations of the  
economic siege which 50 nations im-  
posed on Italy in 1935 and 1936.  
Municipal personnel examined  
various models submitted. Then he  
sent orders to the prefects of Massa  
Carrara, world famous marble re-  
gion, and of Lucca, to cause 8,000  
tablets to be made according to the  
model selected by him.

The tablets are so simple in de-  
sign, a fascist lily emblem will  
flank on each side the inscription:  
"November 18, 1935—Italians, Re-  
member!"

A nation-wide ceremony will mark  
the simultaneous placing of the 8,000  
tablets.

## Watch Made Into Clock

Years of faithful service feature a  
British watch said to have been  
made in 1760. It has been conver-  
ted into a clock at Markville, New  
South Wales. And it still goes on  
ticking. The work of Eardley Norton,  
an eighteenth century British  
clock maker, it is now owned by Mr.  
E. Powning, a jeweller. The watch  
keeps splendid time.

The ten commandments cannot be  
repeated; they can only be violated.

## ATHLETE'S FOOT Ringworm Infection Skin Troubles YIELD QUICKLY TO D.D.D.

Dr. D. D. Dennis' Liquid Pre-  
scription, made in Canada, is war-  
ranted by the makers of Campana's Italian  
Salve. Trial bottle 35c at your  
druggist.

MORE CONVENIENT TO USE....

Just hang a package in your kitchen. You'll be delighted  
with its convenience... for, with one hand, you can easily  
extract a single sheet at a time leaving the other hand free  
to hold the "left-over" being wrapped.

## 2 Things That Combat Colds Like Magic!

Ask Any Doctor... Then Follow Simple Directions Pictured Below. Quickest, Simplest Way

1. Take two "Aspirin" Tablets. Make sure you get "Aspirin."

2. Drink a full glass of water.

Repeat treatment in 2 hours.

Instead of using fancy priced "cold remedies" try the simple treatment pictured here. Your own doctor will approve it. It will start easing the average cold or non-throat almost as fast as you caught it. The "Aspirin" you take will start combating your cold internally at once; if throat is sore, crush and stir 3 "Aspirin" Tablets in a third

of a glass of water; gargle twice. Do not rinse mouth. "Aspirin" Tablets are made in Canada. "Aspirin" is the registered trade-mark of the Bayer Company, Limited. Look for the name Bayer in the form of a cross on every tablet.

DEMAND AND GET "ASPIRIN"

## FLEMING'S FOLLY

— BY — LAWRENCE A. KEATING

### SYNOPSIS

The story opens with Link Fleming addressing a meeting of Boone County cattlemen, called together with the object of forming an irrigation company.

Roper Kilgo, the boss of the law-hill and nearby ranch, who seemed to approve the plan, but was really opposed to it, had forced Roper Torney, a derelict saloon-keeper whom Kilgo knew would be called upon to give his expert opinion in favor of the scheme, to reveal an explosive, and declare that irrigation in Boone county so far as Fleming's plan was concerned was only a new-fangled way to waste money.

The meeting terminates, but Buzz Hamilton and his sister, Helen, Link and Kilgo stay behind and Helen asks Fleming questions about his irrigation plan. This angers Buzz, who accuses Fleming of trying to influence his sister and, as he asserts, ruin his "spread." Buzz, who is an influence in an uncontrollable fit of anger, but Buster Townsend, Link's foreman, is shot in the stomach, and Fleming is unharmed. Buzz is arrested and sentenced to three years' imprisonment.

Helen and Fleming form a partnership to provide irrigation for their own properties. Fleming goes home and studies the plans drawn by Torney to learn whether they could be adapted to a smaller scheme suited for his and Helen's land, and is satisfied it could be done. Feeling cold, he lights the fire and there is an explosion which wrecks the house, burns it and the plans and renders Link unconscious. He is rescued from the blaze by an employee.

Helen and Link ride to Rawhide for supplies and to obtain funds to carry out the dam project. They meet Roper, who greets Helen and offers to show her the dam project. Helen has been paroled, and would arrive on the incoming stage, but that he thinks Link has made a mistake in getting Buzz released.

(Now See The With The Story)

CHAPTER VIII.—Continued

"You mentioned a hundred an acre!" Link tapped Pieper's bony knee. "I won't sell my share for less than two hundred an acre, two years from now. And my whole Star Loop'll go away up in value. So'll the Triple. If irrigation works other places, it'll work here. Now Otto, you're a man of vision, of foresight. That's why you're a success to-day, and we know it! Isn't that so, Helen?"

She came promptly to the rescue. "I've heard Father say many times how shrewd you are, Mr. Pieper. That's why Link and I always come to you. We could go to Sol Hastings over in Atlas, but he wouldn't grasp the bigness of this thing. We have confidence in the Stockmen's Bank. Why, everyone has!" Instinctively Pieper thrust his thumbs into the armbolts of his vest. He started to lean back but remembered a box of cigars, and bent to open a drawer for them. Link accepted one and struck a match while Otto puffed. Smoking comfortably, he studied his visitors.

"How much is this thing to cost, did you say?"

"Oh, not much over twelve hundred."

The banker jerked forward in his chair, then settled back shaking his head. "You two should've been satisfied as you were. But no, you had to plaster mortgages and notes over

Aunt Hetty: "Sakes alive, I don't believe any woman could be so fat."  
Uncle Sy: "What ya readin' now, Hetty?"  
Hetty: "Why, this paper tells about an Englishwoman that lost 200 pounds."

"Be yourselves," the teacher directed, "and write what is in you."  
"In me," the essay of one boy began, "there is my stomach, lungs, heart, liver, two apples, a piece of mince pie, three sticks of celery, a lot of chestnuts and my dinner."

## Local and General Items

The Editor will be pleased to receive items for this section, regarding visitors entertained, parties leaving for holidays or short trips, bridge parties, local, etc. Please name in to 11 or hand them in at The Enterprise office no later than Wednesday evening.

The chief trouble about inferiority complexes is that it is so seldom the right people have them.

Sergt. Tom Mudman, of Lethbridge, was a visitor at the local barracks of the R.C.M.P. yesterday.

The remains of Tony Zurich were laid to rest in the local Catholic cemetery on Saturday forenoon.

W. H. Chappell returned from a business visit to Calgary early in the week.

Albert Chappell returned home this week after working in B.C. for the past two months.

In junior playoff at Calgary on Monday night, Trail Tigers were defeated 6-0 by the Calgary Rangers.

The British Columbia grand lodge of the Knights of Pythias will be held in Penitence in May.

Scotchman (to Krivsky, the butcher): "Give me a sheep's head—and cut it off as near the tail as possible."

Over 3,000 rabbit skins, 100 skunk hides, 47 coyote and 200 weasel hides were shipped from Brooks last week.

If Major Douglas should come back to Alberta, he may be assessed an unearned increment fee.

F. B. VanDuzee, for some time connected with Sentinel Motors at Coleman, has accepted a position with the Crows' Nest Pass Motors here.

Three periods of overtime were necessary before Macleod defeated Blairmore 3-2 in a Morgan Cup hockey game at Macleod.

A non-confidence motion introduced by George H. Van Allen, K.C., Liberal, in the house at Edmonton, was defeated 51 to 6.

Commenting on the controversy as to who was actually the discoverer of the North Pole, one newspaperer remarks: "It doesn't matter Adam, anyhow!"

The wine and beer bill for the Province of Ontario increased at the rate of over a million dollars a month during the five-month period ending March 31st, 1935.

George McRae, representing the Mid-West Paper Co., and Vernon Stott, representing the Barber-Ellis of Alberta Ltd., were in town from Calgary during the week.

The Prince Albert Mintos and Kimberley Dynamites have been crowned senior amateur hockey champions of Saskatchewan and British Columbia.

At the present time, the rottenest piece of road in Southern Alberta over which there is considerable motor traffic, is said by tourists to be the main drag through Blairmore.

Today's favorite gag: The champion athlete, in bed with a cold, was told he had a temperature. "How high is it, Doc?" he asked. "A hundred and one," he was informed. "What's the world's record?"

Programmes for the annual St. Patrick's entertainment, to be staged in the Columbus hall on Tuesday and Wednesday nights next, are now in the hands of The Enterprise job department.

A streamlined train will visit Calgary on June 5th. The train is being sponsored by the United Fruit Company, and will travel 25,000 miles in its tour of 109 North American cities.

Part of the C.P.R.'s Cranbrook ice supply this season has been brought down from near Calgary, the balance from Crows' Nest Lake. The ice from the latter point averaged 57 inches in thickness and was of excellent quality.

Vonce, again der vatch der Rhine.

Remember, this is Friday the thirteenth.

The crying flea lights on the stomach and bawls.

Mr. and Mrs. A. N. Cox, of Lundbreck, were visitors to The Pass yesterday.

Sixty-six and two thirds of the staff of The Enterprise have this week been down with the "flu."

Men are like corks—some will "pop" the question, others will have to be "drawn" out.

First rolins of the season—and crows—were seen around Blairmore over the week end.

Mrs. A. E. Ferguson spent several days in Calgary during the week, returning home Tuesday.

As far as we can learn, not a solitary person legally received a dividend cheque on February the 30th.

She must be an optician's daughter, for two glasses will make her a spectacle.

Mr. Justice John Lamont, of the Supreme Court of Canada, died at Ottawa on Tuesday at the age of 70.

Earl Beatty, former admiral of the fleet, died in London late Tuesday night, aged 65.

Major Hoople has not yet consented to succeed Major Douglas as reconstruction adviser.

The Ladies' Auxiliary of St. Paul's United church, Coleman, will hold their annual supper in the clubroom on Monday, April 6, from 5 to 7 p.m.

Joe says if the Scotchmen don't soon wake up, he's going to feed them on feed oats instead of oatmeal porridge.

Doctors tell us that in this country there are one million women overweight. These are, of course, round figures—Ex.

Here's something to make a memo of: Before the first of March, 1935, a crow smashed a car windshield in the Crows' Nest Pass.

Mrs. Bruno Fabro, of Kimberley, recently underwent a minor operation at the St. Eugene hospital at Cranbrook.

Kissing will be unknown fifty years hence, it is predicted, which makes most of us glad, says Myles, that we are living today.

It has now been officially reported that a plumber, who visited Niagara when the falls were frozen, said he would have to go back for his tools.

W. L. Evans and W. McVey were among those who journeyed to Calgary to see the Coleman-Luscar hockey games.

A newspaper ad reads: "Kruschen Reduces Everything." It's probably to blame for the reduced bank accounts.

German citizens in Canada and Newfoundland are to be conscripted, it was announced in a statement from the office of Ludwig Kempff, consul general for Germany in Canada at Montreal.

We regret that in our account of the death of Mrs. Harrison, in our last issue, reference to the "three-score and ten years" should have appeared, instead of what was meant: "within three months of reaching the great age of four-score years."

St. Patrick's dances are advertised for Coleman and Lundbreck. On Tuesday night the Old Timers of Lundbreck district hold their big annual dance. The dance at Coleman the same night will be under the auspices of the B.P.O.E.

**Blairmore Hardware Co.**  
R. C. Old, Manager Phone 142 Blairmore, Alberta

Great Britain has decided to support France's demand that Hitler withdraw from Rhineland.

Talking of cold weather, one local resident dropped in to tell us that on the coldest night this winter, when he was tucked up in bed, his teeth were chattering on the bureau.

John C. Stewart, miner and district board member, aged 58, was killed in the Toronto mine at Little Brantford, Nova Scotia, on February the 29th. The accident happened not far from where his twenty-one-year-old son met a similar fate about a year previous.

Mr. Nosek, of Elk Prairie, father of Mrs. Rudolph Yelik, of Blairmore, died at Michel on Thursday last, rather suddenly. He is survived by his wife, three daughters and two sons. The remains were laid to rest in the Natal cemetery on Sunday afternoon.

Competing against 500 amateurs, George Kerr, violinist, of Blairmore, captured first honors in the final contest of 17 competitors on the Imperial Motors amateur hour over CJOQ, which was featured at the Majestic theatre on Monday night. George played "Chardas" by Monte—Lethbridge Herald.

George Kerr, young Blairmore violinist, winner of the Southern Alberta amateur radio competition, is well known to Lethbridge audiences. He has appeared at local musical festivals, at the Women's Musical Club concerts, and that progressive organization will present him again during their April program—Lethbridge Herald.

The latest definition we have heard of politicians is that they are men who attempt to solve the grave problems that wouldn't exist if there were no politicians.

Mr. and Mrs. H. Cardinal and Miss Cardinal left Wednesday for Macleod, where they will take up permanent residence, and where their son Robert is employed with the Canadian Bank of Commerce. The residence property vacated by the Cardinals here has been purchased by Albert Noga, who recently lost his home through fire.

Georgie Kerr, of Blairmore, sixteen-year-old violinist, was awarded first prize of \$25 in the amateur contest staged in Lethbridge on Monday night. He was given first choice over sixteen other contestants representing ten centres in Southern Alberta. George Pire and Violet won third place in the consolation awards. George Kerr has been tutored by Mr. W. H. Moser.

## YOUR CREDIT IS GOOD AT UPTON'S

- Read over our new **THREE-PAY** sales plan. You may order your suit and pay for it in **THREE INSTALLMENTS**.
- Your suit will **NOT** come to you C.O.D. Your suit will be delivered to you personally by us and properly fitted—in that way you avoid paying C.O.D. for a misfit. You have the choice of Hundreds of the finest samples.
- You will **NOT** be **CHARGED EXTRA** for sport models.

Quality and style are not always expensive. Our suits prove the point. Our Phone No. is 56. If you cannot see us, call us and we will be glad to make an appointment.
